

Conference Programme

*Investing to Make Road Infrastructure Resilient
for Europe's Future Mobility Needs*

BRATISLAVA | 27 – 29 MAY 2026

Organized by

European Association of Toll
Road Infrastructure Operators

Hosted by

Updated
Programme

Programme

27 > 29
MAY
2026

Investing to Make Road Infrastructure Resilient for Europe's Future Mobility Needs.

Wednesday 27 May 2026

13:00 - 19:00	Registration and Distribution of Congress Papers	Registration area
15:00 - 18:00	ASECAP General Assembly (By invitation) - ASECAP members only	Tempo room
19:00 - 21:00	Welcome Cocktail - Opening of the Exhibition Area	Exhibition area

Sponsored by

Thursday 28 May 2026

08:45 - 09:30	Welcoming and Opening Remarks	Ballroom
------------------	-------------------------------	----------

Master of Ceremony: Malika Seddi, ASECAP Secretary General & CEO

- **Christophe Boutin**, 2026 ASECAP President
- **Filip Macháček**, Chairman of the Board of Directors and Director General, Národní dálničná společnost, a.s.
- **Denisa Žiláková**, Secretary of State at Ministry of Transport of the Slovak Republic
- **Joi Taylor Dean**, IBTTA President (video statement)
- **Dimitrios Mandalozis**, IRF President
- **Emanuela Stocchi**, PIARC President

Programme

Thursday 28 May 2026

09:30 - Institutional interactive discussion - Investing to Make Road Infrastructure Resilient for Future Mobility Needs Ballroom

Moderator: Radovan Geist, Co-founder and Publisher, Euractiv Slovakia

- **Carlo Vaghi**, President, Autostrade dello Stato
- **Manuel Melo Ramos**, BRISA Executive Director, ASECAP First Vice-President – APCAP President
- **Mark Chung**, IBTTA Executive Director and CEO – US perspectives, views and challenges
- **Young Tae Kim**, ITF Secretary General
- **Matthieu Bertrand**, EIB Head of Division for Roads Infrastructure
- **Carlo Ranalletta Felluga**, Chief Executive Officer and Co-Founder, Nplus

10:45 - **Coffee Break – Exhibition – Networking** Exhibition area

11:15 - ASECAP Innovation Award Session Ballroom

Moderator: René Moser, Managing Director, Senior Corporate Strategy, Innovation and International Affairs Expert, ASFINAG

- Societa' Di Progetto BREBEMI S.P.A. & ALL.V.IN. S.R.L. - Allestimenti Veicoli Industriali - FLASH LED: first-line accident signal with high-intensity LED
- EYES GmbH - CollisionEye® - AI-based Collision Warning for Roadworkers
- HAAS Alert - HAAS Alert: Safety Cloud® Real-Time Digital Alerting & V2X Safety for European Motorway Work Zones

11:45 - Industry Stakeholders Session Ballroom

Moderator: Malika Seddi, ASECAP Secretary General & CEO

- **Platinum:** BRISA - MKIF – NIVI – NPLUS - VIA PRIBINA
- **Gold:** AUMOVIO – DISPLAID – EFKON – EMOVIS – G.E.A. – HATKO – KAPSCH – MOVYON – Q-FREE - SKYTOLL - SMARTPRISE S21 - VERRA MOBILITY
- **Silver:** ASI SOLUTIONS - POWERDYNAX-JOANNEUM RESEARCH
- **Bronze:** AITERIS – ALL.V.IN. - DEEPNEURONIC - EYES - LA BARRIÈRE AUTOMATIQUE - REBLOC CONCRETE BARRIERS

12:30 - Parallel session 1 - Strategic Vision and Regulatory Foundations for Cooperative & Automated Mobility Ballroom

Moderator: Jorge Lopes, Business Technology Unit Head of Technology and Information, BRISA

- **María de los Ángeles Echevarría García**, Openvia by Globalvia - Cooperative Mobility Ecosystems
- **Ulrich Zorin**, Dars d.d - Advantages of Cross-Border Cooperation in the Development of CCAM
- **Gabriele Glorioso**, SATAP & **Christophe Boutin**, Asfa - Smart Road and C-ITS Implementation in Matis project - SATAP case study
- **Stefan Ruehrup**, Asfinag - Regulatory crossroads: The Future of Safety-related Data between mandatory EU Regulation and Voluntary Automotive Frameworks

Programme

27 > 29
MAY
2026

Thursday 28 May 2026

12:30 - Parallel session 2 - From Data to Action: Digital Solutions for Smart and Sustainable Road Networks

Signia room

Moderator: Franco Caruso, Head of Sustainability, BRISA

- **Zvonko Zavasnik & Aleš Cantarutti**, Dars d.d. - Work Zones – Necessity and Responsibility
- **Carlos Canha**, Brisa - Digitalization in Practice: LIDAR and BIM in the Vila Franca de Xira Viaduct
- **Martin Čerňanský**, Národná diaľničná spoločnosť, a.s. - AI and transport system integration, a new era of digital motorways
- **Xavier Daura**, Abertis - TMaaS (Traffic Management as a Service)
- **Valeria Marlazzi**, Movyon - IoT-driven highway lighting system enhancing safety, sustainability and traffic monitoring

13:30 - **Lunch Break – Networking**

Restaurant

Sponsored by 

 **Kapsch** >>>
challenging limits

14:30 - Parallel session 1 - Towards Resilient and Carbon-Neutral Infrastructure: Rethinking Investment and Innovation for Tomorrow's Mobility – New Generation of Concessions

Ballroom

Moderator: Bill Halkias, CEO, New Attica Tollway Concession Co.

- **Christophe Boutin**, Asfa - Outcomes of the National Infrastructure Funding Conference in France
- **Fabrice Breton**, Olympia Odos - Olympia Odos' route towards net Zero emissions
- **Maurizio Pascucci**, Autostrade dello Stato SpA - A New Investment Framework to Drive Innovation and Safety on the Italian Motorway Network
- **Richard Lengrand**, Egis - Taking Over an Existing Motorway: Challenges, Lessons Learned, and the Road Ahead
- **Luka Babnik & Emilija Erent**, Dars - Implementation of CO2 in DarsGo tolling system

14:30 - Parallel session 2 - The Power and Challenges of Smart Mobility – data sharing and exchange platforms

Signia room

Moderator: Alessandro Musmeci, Technical and International Affairs Division, AISCAT

- **Filippo Vingiani**, Autostrade per l'Italia - Empowering Road Users Through Data-Driven Travel Planning Services
- **Jaka Gorišek**, Dars - Data as a Building Block of Safer Mobility
- **Angela Montánchez**, Globalvia - From Vision to Value: Building a Data Strategy for Smart Mobility
- **Radoslav Kováč**, SkyToll - Smart Mobility Data Platforms: Challenges of Trust, Reliability and Scale

Programme

Thursday 28 May 2026

15:30 -
16:30

Parallel session 1 - User-Centric Tolling and the New Mobility Experience

Ballroom

Moderator: Alenka Košič, ASECAP COPER IV Chair, Head of International and Multilateral Cooperation, DARS

- **Bernd Datler**, Asfinag - Austria's Motorway Vignette / Transition to Digital Only
- **Matej Murcin & Lenka Vítázková**, Národní diaľničná spoločnosť, a.s. - Rethinking Toll Collection to Match Customer Needs
- **Lubor Lancos**, Kapsch TrafficCom - User-centric design for seamless, inclusive tolling
- **Benoît Rossi**, Emovis - Measuring the benefits of an AI-driven user-centric digital mobility approach on a free-flow infrastructure – A case in point
- **Corné Louwers**, Verra Mobility - The future of toll collection is here – Introducing in-vehicle payment platform AutoKinex

15:30 -
16:30

Parallel session 2 - C-ITS Deployment, Pilot Projects and Operational Applications on European Motorways

Signia room

Moderator: Wolfgang Gritzner, ASECAP COPER III CHAIR - Project manager Cooperative, Connected and Automated Driving, ASFINAG

- **Stefan Zelenbaba**, Kapsch TrafficCom - C-ITS: Driving Safety Information Services for Toll Plazas
- **Benoît Vuadelle**, APRR - Accelerating Cooperative Mobility: APRR and AREA's Integrated approach through InDiD, C-ROADS, and SCALE
- **Matteo De Padova**, Milano Serravalle - Milano Tangenziali S.p.A. - Serravalle Future Drive
- **Moroine Laoufi**, Vinci Autoroutes - MOBAUTO2: Pioneering High-Speed Automated Shared Mobility on Highways – A Real-World Pilot on the A10 Corridor in France
- **Iona Kirkpatrick**, IRF - Extending Operational Design Domains through Cooperative Infrastructure: Digital Twins, Secure V2X Data, and Real-Time Decision Support

16:30 -
17:00

Coffee Break – Exhibition – Networking

Exhibition area

Sponsored by

17:00 -
18:00

Parallel session 1 - Human Factors, Workforce Safety and Safety Culture

Ballroom

Moderator: Zuzana Krajčířiková, International relations coordinator, Národní diaľničná spoločnosť, a. s.

- **Dr. Wolfgang Domann**, EYES & **Sandra Atzmueller**, Asfinag - Avoiding accidents with employees on the motorway!
- **Dimitrios Mandalozis**, Aegean Motorway S.A. - Physical and Mental Health Factors Affecting the Operational Safety of Professional Drivers
- **Filipe Melão**, Ascendi - Engaging Youth in Road Safety: Leveraging Influencers and Immersive Experiences
- **Beatriz Carvalho**, Brisa - VSE: Digital Communication for Safer Road Operation
- **Michaela Novotná**, Národní diaľničná spoločnosť, a.s. - Connecting generations, building roads: the vision of employee development at NDS

Programme

27 > 29
MAY
2026

Thursday 28 May 2026

17:00 - Parallel session 2 - Regulation, Governance and Smart Traffic Systems
18:00 - Enabling Innovation in Road Mobility

Signia
room

Moderator: Selenia Perelli, Head of Relations with Motorway Companies, AISCAT Servizi S.r.l.

- **Jorge Lopes**, Brisa & **Rui Ribeiro**, Aiteris - Bridging Digital Risk and Road Safety: The Impact of the NIS2 Directive on Road Infrastructure Operators
 - **Yannis Handanos**, Olympia Odos Operation S.A. - Virtual Reality Technology for Motorway Management Improvement
 - **Lara Moura**, Via Verde Portugal - Via Verde Digitalization Journey
 - **Francesco Trallori**, Autostrade per l'Italia - Transition of Radio Communications Services to DMR Digital Technology on the A26 Highway
 - **Thanos Poulos**, Olympia Odos S.A. - Adaptive Lighting: Dynamic Street Lighting using TMS Traffic Data and AI
-

20:30 - **Networking Dinner**
23:30

Ballroom

The Networking Dinner will take place in the Ballroom of the conference venue, the **DoubleTree by Hilton Bratislava** (Trnavská cesta 27/A, 831 04 Bratislava, Slovakia – Tel: +421 2/323 40 111).

This special evening will offer participants a welcoming and elegant setting to unwind after a full day of discussions. Guests will enjoy live music and engaging entertainment, creating a vibrant atmosphere conducive to informal exchanges. It will also provide an excellent opportunity to connect with fellow participants, share insights, and strengthen professional relationships in a relaxed and convivial environment.

Dress code: Business

Programme

Friday 29 May 2026

09:00 - 10:15 Parallel session 1 - Technology, Regulation and System Transformation in Modern Tolling Ballroom

Moderator: Bruno De La Fuente, Director of Concessions, Economy and Studies, SEOPAN

- **Alexander Semmler**, Efkon - Fully Integrated Enforcement
 - **Fabio Scartoni**, Nivi - Aligning the Rule of Law with the Rules of the Road – A Comparative Legal Analysis of Cross-Border Toll Debt Recovery for the Sustainability of Future Mobility
 - **Tania Zamparo**, Smartprise S21, Motorway Enforcement Through Digital Evidence
 - **Luis Miranda**, Q-Free - RUC addressing current and future market challenges
 - **Daniel Brunelli**, Aumovio - Innovation Is Never a Straight Line: The DTCO Tolling Journey
 - **Mario Ralon**, Kapsch TrafficCom AG - Leveraging AI-based Video Detection Systems for Public-Private-Partnership Shadow Tolling and Road Availability Payments
-

09:00 - 10:15 Parallel session 2 - Asset Management for Climate-Resilient Road Networks Signia room

Moderator: Emanuela Stocchi, PIARC President - ASECAP COPER II Chair of the Road Safety, Sustainability, Marketing Committee, AISCAT

- **Claudia Onofre**, Brisa - Guaranteeing climate-resilient motorway networks
 - **Davide Chiola**, Movyon - Evolutive Pavement Management System: smart, predictive, and sustainable pavement monitoring platform
 - **Diána Szigeti**, MKIF - Using Drones in Motorway Maintenance – First Experiences
 - **Gianfermo Lupi**, A35 Brebemi - Autonomous Drone Asset and Traffic Monitoring
 - **Valerio Molinari**, Ecogest S.p.A. & **Antonio Stornello**, Cassandra Project - “Resilient Routes”: a new classification system for transport infrastructure
-

10:15 - 11:15 Parallel session 1 – Powering the Future of Motorways: Alternative Fuels, Skills and Human Capital for Sustainable Road Transport Ballroom

Moderator: Rui Manteigas, Secretary-General, APCAP

- **Pierre Delaigue**, Vinci Autoroutes - Dynamic Charging on Highways: Results from VINCI Autoroutes 'Charge As You Drive' Project
 - **Andriana Dimitriou**, Olympia Odos S.A. - Preparing Motorways for Hydrogen: A Feasibility Exploration on the Olympia Odos Motorway
 - **Domonkos Koch**, MKIF - Introducing the principle of circular economy in Hungarian motorway operation
 - **Bernard Jacob**, Gustave Eiffel University - Charging solutions for electric heavy-duty vehicles on motorways, ERS and megachargers: a European vision and business models for deployment conditions
-

Friday 29 May 2026

10:15 - Parallel session 2 - Data-Driven Traffic Management and Innovative Technologies for Safer and Resilient Roads

Signia
room

Moderator: Aldo Filippini, Strategic consultant and member of the Board of Directors, NIVI Group

- **Edoardo Ciorra**, Autostrade per l'Italia - Advanced Traffic Mobility Management System: From Forecasting and Planning Optimization to Data & Customer Service Provider
 - **Vasco Corte-Real**, Ascendi & **Vasco Lopes**, Deepneuronic - Centralized Video Analytics for Automatic Incident Detection
 - **Alessandro Averardi**, Autostrade Per l'Italia - Visual Analysis of Pavement Distresses through the Use of Artificial Intelligence Algorithms
 - **Ilaria De Biasi**, Autostrada del Brennero S.p.A. - Implementation of innovative technical solutions combined with the use of C-ITS technologies along the Brenner Motorway to optimize winter maintenance activities and improve communication on parking availability
 - **František Snovák**, Via Pribina - AI and innovative tools to increase the safety of both road users and operators
-

11:15 - **Coffee Break – Exhibition – Networking**

Exhibition
area

11:45 - Parallel session 1 – Operational Road Safety Measures and Incident Management

Ballroom

Moderator: David Kollenhofer, Team Leader Technical Operation Management within the Department of Road Operation and Maintenance, ASFINAG

- **Claire Depré**, Head of Road Safety Unit, European Commission (video statement)
 - **Nikolaus Kasper**, Asfinag - Portable Camera-based Warning System for Road-Work
 - **Francesco Gazzino**, Autostrade Alto Adriatico S.p.A. - New Operational Procedures: Automatic Mandatory Diversion
 - **Telma Silva**, Ascendi - Evaluating the Impact of Road Safety Measures: Before and After Studies in the ASCENDI Network
 - **Giuseppe Mastroviti**, A35 Brebemi - FLASH LED First Line Accident Signal with High-intensity LED
 - **Konstantinos Koutsoukos & Athanasios Tsantsanoglou**, Egnatia Odos S.A. Overview of road safety on Egnatia Odos tollway: Historical data 2010-2025
-

Programme

Friday 29 May 2026

11:45 -
13:00

Parallel session 2 - Operational and Engineering Solutions for Climate-Resilient Motorway Infrastructure

Signia room

efan

Moderator: Christoph Riedler, Project Lead CSRD Implementation, ASFINAG

- **Lorenzo Benedetti**, Displaid - Enhancing Road Network Climate Resilience through Low-Cost SHM: A Case Study
- **Phil Eadon**, ASI Solutions Ltd - Enhancing Climate Resilience through Asphalt Preservation: The Role of Rhinophalt in Sustainable Asset Management
- **Nejan Hatko**, HATKO Sound Barrier - Climate-Resilient Noise Barriers: Combining Circular Economy and Net Zero Goals for Europe's Future Mobility
- **Rastislav Zamboj**, Via Pribina - Practical Environmental Solutions in Highway Operations
- **Annamária Oravkinová**, Národná diaľničná spoločnosť, a.s. - Implementation of environmental sustainability principles in the operation and development of motorway infrastructure in the Slovak Republic

13:00 -
14:00

Lunch Break - Exhibition - Networking

Restaurant

Sponsored by

14:00 -
15:15

Plenary session - Tolling Enforcement / Cross Border Issues

Ballroom

Moderator: Pedro Pinto, ASECAP COPER I Chair of Tolling, Charging, Concessions Committee, ASCENDI

Keynote Speaker: Tore Eriksrød, EETS Facilitation Platform - 10 years of fruitful discussion to achieve EETS

- **Jean-Louis Colson**, European Commission (video statement)
- **Jacqueline Erhart**, Commercial Managing Director, ASFINAG Maut Service GmbH
- **Jorge Lopes**, Head of Technology and Information, Brisa
- **Idske Dijkstra**, Head of Policy and Cooperation | EReg and EUCARIS
- **Jérôme Lejeune**, Vice Chairman, AETIS
- **Jesper Engdahl**, Convenor of CEN/TC 278/WG 1

15:15 -
15:30

Closing Remarks

Ballroom

- **Peter Braska**, Member of the Board of Directors and Charging & IT Section Director, Národná diaľničná spoločnosť, a.s.
- **Christophe Boutin**, 2026 ASECAP President
- **Rui Manteigas**, APCAP General Secretary, Host of 2027 ASECAP Days
